Double storey home opposite park with side access!

This beautifully presented and surprisingly large duplex has a fantastic floorplan, with 4 large bedrooms and a separate living area upstairs, plus stunning outdoor areas either side of the home.

You'll love the luxurious extras here with high ceilings, stone benches throughout and air-conditioning to the main living area. It really is a unique home and has to be seen as the photos simply don't do it justice!

Ground Floor:

Enter through the impressive front door into the main tiled entrance hall and dining room. This flows through an open doorway to the light and airy living area, with huge windows and a door leading outside to a timber decked garden. Delightfully landscaped and completely private, this is an ideal area to sit and relax at the end of the day with a glass of wine!

\$469,000
